In the table you will notice that prices will vary across the days and even time of day. If you are unsure of where the services you would like sit within these prices simply contact us and we can assist you through this.

## PACKAGE MANAGEMENT

The Package Management cost refers to the costs associated with the ongoing administration activities undertaken by The Benevolent Society to ensure the smooth delivery and management of Home Care Packages. This cost applies to all Home Care Packages.

	Fortnight Package Management Charge
Home Care Package Level 1	\$40.44
Home Care Package Level 2	\$71.15
Home Care Package Level 3	\$154.83
Home Care Package Level 4	\$234.70

## CARE MANAGEMENT

Care management is an important service that includes coordinating care and services that will help you deliver on the goals you identified in your Care Plan. Every Home Care Package, including those being self-managed will require some level of care management.

### TBS Managed

We recommend that all clients consider a TBS Managed option. The TBS Managed option means that one of our Home Support Partners works closely with you to ensure you are meeting your goals. It includes regular phone check ins, regular face to face catch ups as well as full coordination of support services, rostering and payment for service billing. The TBS Managed option allows us to take care of everything so you can concentrate on the things you most enjoy doing.

	Fortnight TBS Managed Charge
Home Care Package Level 1	\$80
Home Care Package Level 2	\$165
Home Care Package Level 3	\$245
Home Care Package Level 4	\$365

### Self-Managed

The self-managed option covers the establishment of your package, an annual review, and costs of processing payments for services as well as Government probity and accreditation requirements.

Unlike the TBS Managed option where we look after everything for you, with the Self-Managed option, you will organise your own services, you will check invoices for accuracy and you will advise us when services should be paid. With the Self-Managed option you do not have regular access to our Home Support Partners and any client initiated contact with a Home Support Partner will be charged to the package at a rate of \$85/hr (30 min increments).

	Fortnight Self-Managed Charge
Home Care Package Level 1	\$45.00
Home Care Package Level 2	\$45.00
Home Care Package Level 3	\$90.00
Home Care Package Level 4	\$90.00

### OTHER CHARGES

#### Equipment Purchases

Where you wish to purchase a piece of equipment a 10% surcharge will be applied to the cost of the goods.

#### Staff other than the Benevolent Society

If you choose staff other than the Benevolent Society to provide services a surcharge of 10% will apply.

#### Exit Charge

If at the time of discharge from our service your package is in surplus after all outstanding services have been accounted for, a charge of 18% of the surplus capped at \$350 will be deducted from the surplus prior to any funds being distributed to any third party.
